

Elmvale, Ontario

It's been an exciting year for the Ontario Provincial Council. Members of the executive attended several most worthwhile events focusing on clinical care, bioethics, euthanasia and assisted suicide, Catholic education, members of provincial parliament outreach training, eradication of violence, poverty reduction and, of course, the 49th International Eucharistic Congress in Quebec City.

The Council's presence was noted at the National March for Life in Ottawa, the screening of pro-life movie *Bella*
