Dear parish council president,

The Catholic Women's League of Canada continues to work on its five-year strategic plan and is currently in its 4th year of implementation. Part of this work includes a Year 4 working group tasked to explore and identify ecumenical (Christian churches other than Catholic) and interfaith (religions other than Christian) organizations involved in work that resonates with the League's mission, purpose and core values. The purpose of this working group is to create a resource that will encourage parish councils to continue to work together and collaborate with such organizations more often.

As president of your parish council, you are invited to support this working group by generating a list of any local ecumenical and/or interfaith organizations you may be aware of. Please include contact information (names, email, telephone numbers), core values (faith, service, social justice) and any additional information you feel would support the abovementioned task. The goal is to collect as many ecumenical and interfaith organizations as possible without missing any that may be local and known to individual parish councils. The Year 4 working group is currently conducting similar online research for national and international organizations. This information will help ensure that the final list is a comprehensive and up-to-date resource.

Thank you for being a part of the members across Canada working to roll out the strategic plan that will continue to move the League into a bright and dynamic future. These are exciting times for the League! The Year 4 working group looks forward to your submission.

Please address your responses **before November 15, 2022** in one of the following three ways:
