RE: Implementation Committee Update

Have you seen all the amazing products the implementation committee working groups have created? These incredible members have been working hard over the past four years to bring a plethora of resources for members to utilize. The working groups would like you to be aware of the endless possibilities available to breathe new life into parish councils. Find the committee's updates on the national website. The list continues to grow as more resources are developed and approved. Parish councils will find many ideas for long- and short-term projects and workshops to help them get started.

There is something for everyone, regardless of the size of the council! Be it large or small there is something for all! Would you like to learn more about Catholic social teaching or even what Catholic social teaching is? There is a document with ideas for you! It's there! Do you want to learn how to share what the League does with members and non-members? Again, there is a document of ideas available! Thinking of starting a parish newsletter but want help? There is a template for that too!

Find the latest marketing initiatives that will assist your council in promoting the League on the national website. Members are welcome to use these resources to help them in their faith journey—they are designed to be used by all members! In the coming months, two workshops will be released—one on advocacy and the other on government relations.

The committee's 2023 goal is to continue to help councils increase membership, grow in faith, serve their parish and community and work for social justice. The more members get to know the League, the more they will love all that it offers. Kindly remind members of all the amazing resources they can access and share! One way is through the resources that will teach you about your faith and give you ideas for sharing it with others!
